

Brief information about the project

Name of the project	AP26103859 «The Role of Family in the Social Adaptation of Deported Peoples from 1930 to1950 (According to Turkistan Region)»
Relevance	Although there have been many studies related to the history of the peoples deported, there is notable lack of specialized research on the role of the family in their social adaptation to the relocated areas. Therefore, it is relevant to conduct research on the role of the family in preserving the identity and adaptation of the deported peoples to the Turkestan region based on archival documents, audiovisual materials. The research will include archival materials, orally conveyed data, audiovisual documents, and memories scientific circulations regarding the role of family in the adaptation of deported in the Turkistan region.
Purpose	To introduce new sources and archival materials found into scientific circulation and conduct a comprehensive study on the role of family in the social adaptation of deported peoples during the years 1930-1950 (based on materials from the Turkistan region).
Objectives	1. Clarifying political, legislative, social, and economic aspects related to the topic of deportation during the Soviet regime, studying relevant normative legal acts. 2. Conducting a historiographical analysis of studies related to the history of nations and ethnic groups deported nations, while clarifying the process of deported peoples in Turkistan region. 3. Systematizing and identifying the factors of forced settlement and their phases, creating a database of literature and sources on the project topic, and defining theoretical-methodological approaches. 4. Processing and systematizing materials obtained from domestic and foreign archives and cultural centers regarding the hardships of daily life of deported peoples in the context of their history, as well as the role and significance of family in their adaptation and preservation of identity. 5. Conducting a comparative analysis of the conditions families in the context of the history of deported peoples in the region. 6. Examining the surveillance and pressure tactics conducted by the NKVD, OGPU, and KGB regarding the role of family in adaptation of deported peoples. 7. Considering the conditions under which women-mothers and adolescent boys, were engaged in heavy labor in production facilities agriculture in the context of the history of deported peoples in the region. 8. Analyzing materials based on the documents from republican, regional, and district archives, testimonies of deported witnesses, and oral interviews with their descendants regarding the role of family in the daily life and livelihoods of deported peoples in the context of their history.

Expected and achieved results	According to the expected outcomes, the project plans to publish at least 3 articles in high-ranking peer-reviewed journals indexed in the Web of Science and Scopus databases, as well as 5 articles in domestic and international peer-reviewed journals and 5 conference abstracts in the proceedings of international and national conferences. These indicators are aimed at disseminating the scientific results of the project at the international level and promoting them widely within the national scientific community. At present, 1 scientific article has been published in a domestic peer-reviewed journal recommended by the Committee for Quality Assurance in Science and Higher Education of the Ministry of Science and Higher Education of the Republic of Kazakhstan, which is considered an initial result out of the planned 5 articles. In addition, 2 scientific papers have been published in the proceedings of international and national conferences, indicating partial fulfillment of the plan for preparing 5 conference abstracts. In addition, it is planned to submit for publication a collective monograph entitled “The Role of the Family in the Adaptation of Deportated Peoples in the Turkestan Region (1930–1950s)” and to obtain a copyright certificate. At present, the first chapter of the collective monograph has been completed.
