

Brief information about the project

Title	Rural School Education in Kazakhstan: A Cultural Analysis of Causes and Consequences of Inequality
Relevance	The project explores how educational inequality between urban and rural areas impacts cultural processes.
Goal	To conceptualize “rural school education” as a cultural phenomenon and identify its role in the contemporary cultural discourse of Kazakhstan.
Tasks	1. Analyze causes of inequality 2. Identify global/local trends 3. Define “rural school education” 4. Develop recommendations 5. Create a research database (1991–2024) 6. Conduct expert survey (≥ 20) 7. Organize a conference 8. Integrate results into curriculum 9. Design elective course 10. Publish articles or a monograph
Expected and Achieved Results	• New cultural definition of rural school education • Analytical report • Policy recommendations • “Equality for the Future” conference • Integration into KazNU curriculum • Elective course • 2 journal articles (Scopus/WoS $\geq 35\%$) or 1 monograph or 5 articles (approved by Committee)
